1,000 DEATHS IN AFGHANISTAN

1,000 TOO MANY

TELL CONGRESSMAN MICHAEL E. McMAHON

Vote against the \$33 billion 2010 Supplemental request to pay for the escalation of the war in Afghanistan.

Co-sponsor the McGovern/ Feingold bill (HR 5015, S.3197) requiring the President to provide a plan and timetable for "the safe, orderly and expeditious redeployment of US troops from Afghanistan." This is a very moderate bill, which a wide range of legislators should be able to support. With a large number of co-sponsors it will hopefully generate a much needed Congressional debate on ending the war and create a momentum for a "No" vote on funding.
